A figure drawing is a drawing of the human form in any of its various shapes and postures using any of the drawing media. The term can also refer to the act of producing such a drawing. The degree of representation may range from highly detailed, anatomically correct renderings to loose and expressive sketches.

Figure drawing - Wikipedia

Demo drawing using sanguine pencil, earth brown and white pencil on cream canson paper. This technique is sometimes called "Trois crayon" but is most commonly used with black instead of brown. For this drawing, I didn't want to break the "redishness" of the whole with black so I chose a brown instead.
