LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

Mastercam Manual Lathe

Mastercam Lathe provides easy roughing, grooving, threading, parting, boring, drilling, and finishing routines for increased productivity. Mastercam Lathe also delivers a set of C-axis programming tools, with greatly expanded options when combined with Mastercam Mill, such as face contour and drilling and cross contour and drilling.
