A Risograph is a digital duplicator or printer duplicator created to produce high volumes of good quality print copies at a lower cost than toner copiers. A Risograph uses special inks made from soy oil, this makes them quicker and more energy efficient than regular photocopiers and laser printers. skip to main content

What is a Risograph?

J. E. Young's (1995) Early Maladaptive Schemas (EMS) are assumed to be highly stable and enduring beliefs that are responsible for the persistence and poor treatment response of a variety of clinical problems. EMS are now the basis for a growing number of specialized "schema-focused" treatments. However, the critical assumption that they are stable constructs remains largely unexamined ...
